

Auckland Sexual Abuse HELP

The Office Relocation Company kindly donated their time for free to assist Auckland Sexual Abuse HELP Foundation with temporary relocation of our some of our services whilst we underwent renovations.

Given the nature of our service, security and confidentiality are paramount and we were confident with the knowledge that all of TORC's workers undergo regular police checks. The team from TORC were fantastic, using initiative and clear communication to ensure our relocation went smoothly and remaining professional throughout. Nothing was too much trouble.

We'd like to again thank Robert and his team for their generosity and willingness to support our agency, and in turn the Auckland community.
